Re: Water Right Permit No. G4-35343

Dear Mr. Boettger:

On December 14, 2015, Department of Ecology (Ecology) received your request for an extension for the Beginning of Construction stage. In response to your request, the development schedule for the above referenced water right has been extended as follows:

Begin Construction: December 31, 2017

Basis of extension approval:

- The permit holder requires more time due to financial challenges.
- There is clear evidence that preliminary efforts are in progress and the project is still viable.

Please mail in the enclosed Construction Notice by the new deadline. If you have any questions, please contact the Water Resources Help Desk at (509) 575-2597.
